

Boundary mark Czech Republic - Bayern IX32

Sources: Markflechl: <http://www.hauner.cz/GC4A57V/#cs>

Boundary mark from 1692 is a landmark of boundary discords between Duchy of Bavaria and Hochstift Passau. It is located in Bayern near boundary mark Luzný / Lusen (Czech Republic – Bayern boundary).

On the faces of the boundary mark, there are coats of arms of representatives of neighbouring domains – bishop of Passau Johann Philipp von Lamberg (https://de.wikipedia.org/wiki/Johann_Philipp_von_Lamberg) and ruler of Bavaria Maximilian II. Emanuell (https://en.wikipedia.org/wiki/Maximilian_II_Emanuel,_Elector_of_Bavaria).
